I deserve scholarship because...	I am managing my own expenses and there is no financial support from my family side. My father passed away a year back and since then it has been hard for me and my mother. My elder sister is a housewife and my mother is a pensioner and she receives 12000 and even in that 10000 goes to the debt that my father had taken earlier. so my mother is managing with remaining 2k and I am on my own. On weekends I go for serving food in functions and marriages and with that I am managing my expenses and giving some to my mother too. so I think this scholarship will be of a great help

Explain about your family's financial condition.	My father passed away a year back and currently my mother gets 12000 as pension every month. My father had taken loan from a bank and 10000 goes to the EMI and my mother uses the rest 2000 for the whole month. I go for catering in marriage and other functions on weekends to earn and send some money to my mother too and I am able to manage my expenses with my earnings. My sister is married and has a one and half year baby. When the baby was born my sister left the job and is currently housewife. I had a dream to pursue MBA but my family couldn't afford the masters course so currently I am pursuing MBA under education loan.
