I deserve scholarship because...	I am from financially poor background family. But till last all the years i studied well by taken the good marks. Now i want to continue my higher studies. So for that i need more money. That much money difficult to adjust for my family. That's why I need scholarship now.
Explain about your family's financial condition.	My father is the only person who works for entire family. But his income is not enough to educate us. Our agricultural land is also not in our name. We don't have anything like land or house in our father's name. Our annual income is also only 25000. We are in the BPL level. So your scholarship is very relevant for me to continue my further education. It will become very helpful to me.
